Report of Superintendent of Schools

To the School Board of Danbury:

This, my fourth annual report as Superintendent of Schools in Danbury, deals with general statistics, honor roll of attendance, buildings and equipment, organization, and health supervision.

Statistics for the Year Ending June 30, 1928

School	Center	Elmwood	North Road	South	Total Averages and Aggregates
1-2 days in session	352	352	352	350	352
1-5 days lost	8	8	8	10	8

Average membership	27	10	13	17	67
Percent of attendance	93.	90.7	93.8	92.7	92.85
Percent of promotions	85.	75.	71.4	81.	80.
No. tardinesses per pupil	1.7	1.9	6.5	0.1	2.3
No. pupils not absent or tardy	0	3	0	1	4
No. visits of school board	3	4	3	7	17
No. visits of school nurse	7	6	5	4	22

No. visits of citizens and others	61	22	62	52	197
Contract salary of teacher	\$950	\$612 (cadet)	\$612 (cadet)	\$850	\$803

Both in the total number of pupils registered and in the total average school membership there were gains of more than 10 per cent over the figures of the previous year. As shown by the reduction in the number of tardiness per pupil the South school excelled its good record for punctuality of last year.

Computed on the average school membership, and excluding payment of elementary school tuitions, the per pupil cost (\$78.24) for maintenance of elementary schools in 1927-28 was \$13.08 less than the per pupil cost of the previous year. The total current cost per thousand dollars of Danbury's equalized valuation in 1927-28 was \$11.18; and was distributed as follows, local cost of elementary schools \$5.78, state aid for elementary schools \$2.06, local payment of high school and academy tuitions \$2.45, other current expenses \$0.89. For the same period the average salary of teachers in Danbury was \$803. against the average in the state of \$850. in rural schools and \$950. in village schools.

The following class of three pupils was graduated from the eighth grade in June: Clyde DeBay, Eleanor Hamilton, Kimball Phelps.

This year there are enrolled in approved high schools and academies nineteen pupils whose tuitions are paid by Danbury. These are distributed by schools as follows: Canaan 11, Franklin 2, Henniker 1, Kimball Union Academy 2, Proctor Academy 3. Two pupils are attending at their own expense the seventh and eighth grades of the junior high school in Franklin.

Honor Roll of Attendance

36 weeks: (entire year): Kimball Phelps, Lloyd Phelps, Violet Phelps, Wilfred Sturtevant.

Buildings and Equipment

The center schoolroom has been made particularly attractive by the repainting of the walls and ceiling, and by equipping all windows with "Educator Double-Roll Shades". In the entry a white enameled sink with drain has been placed beneath the water cooler. The toilet equipment of this building is still below that of a standard school. In warm weather the drainage from the vaults becomes a menace on the playground.

By repainting the interior woodwork, some improvement has been made in the North Road schoolroom. However, the partial improvement makes more evident by contrast the need of refinishing the walls and ceiling.

At the South there is urgent need of a supply of water convenient to the school.

Organization

With the exception of the North Road school, the present year opened with a corps of teachers entirely new to the schools.

Miss Gladys M. Cooper of Winthrop, Maine, succeeded Miss Lang as teacher of the Center school. Miss Cooper attended normal schools in Farmington and Gorham, Maine, and has had eleven years of experience as a teacher.

Miss Lucy J. Morgan, a graduate of Keene Normal School and for nine weeks a successful cadet teacher in the Elmwood school, was elected to the South school, succeeding Miss Hounsell who transferred to a school in Wilmot.

Although the cadet teachers employed last year in

the Elmwood and North Road schools were of an excellent grade, it became evident that the continuity of school work was broken by the introduction of four different teachers during the year. These frequent changes apparently lowered the percent of promotions as the Statistical Table indicates with reference to these schools.

This year an increase in the amount of state aid money allotted to Danbury made possible the employment of graduate teachers. Miss Odetta E. Flint and Miss Elizabeth Welch, both graduates of Keene Normal School in the class of 1928, were elected to the Elmwood and North Road schools respectively. While they were undergraduates Miss Flint had served as a substitute teacher in Danbury, and Miss Welch had served similarly in Andover.

Health Supervision

By the combination of Danbury, Grafton and New London of Union No. 1 with Canaan, Enfield and Orange of Union No. 13 it was possible to secure in October and for the remainder of the school year the full-time services of Miss Margaret C. O'Hara, R. N., as school nurse. Miss O'Hara was last year school nurse in Union No. 13, and for a number of years previous was a public health nurse in Concord, N. H. Her report of school and home activities in Danbury to Jan. 21 follows;

No. of pupils examined	62
No. of teachers examined	4
No. of visits to schools	15
No. of visits to homes	14
No. of children found underweight	5
No. of cases of poor posture	3
No. of defects found;	
Malnutrition	2
Defective vision	7

Nervous disease	1
Skin disease	1
Defective teeth	27
Diseased tonsils	15
Enlarged glands	6
Pediculosis	2

The report indicates a distinct improvement in dental conditions and nutrition. Since last year the number of defective teeth has been reduced by nearly 50 per cent, and malnutrition shows a decrease of over 60 per cent.

In Conclusion

It is gratifying to observe the distinct improvement through home co-operation in the physical welfare of numerous pupils. The interest and assistance of the parents in developing in pupils correct citizenship habits, where delinquencies have been reported, is appreciated.

I commend particularly your corps of teachers whose interests are one and the same with the best interests of their pupils.

Respectfully submitted,
 GEORGE H. HARMON.
 Superintendent of Schools.
